

MyBC proprietary software - third party

Looked into calendar option

Hard to monitor - people not submitting, maintaining

Address how to get people to participate

Marketing handles a lot

Events just date and time

How do things get updated?

Proof of concept - see if people will use it

Prototype - Google calendar

MyBC post link to calendar - for Reveal

EP - Canvas page calendar?

Room reservation

Presentation = research

Reason for collecting data = prototype of calendar (Google calendar, Canvas)

Why it will help - tie to data

Glean suggestions from data collected

Themes and examples and vehicles of how it could help

WordPress: embed calendar

MyBC post: link to MyBC

Who will manage prototype? (meet w/Student Life?)

Mention need for further conversations in presentation

Mount's nice, just need to find program

Maybe something on new website w/rebranding?

Things for people to consider based on our

WordPress = Digital Gurus
